RAINBOW

**SHENZHEN RAINBOW
FINE CHEMICAL INDUSTRY CO.,LTD.**

THE SKY IS MORE COLORFUL BECAUSE OF RAINBOW

Company Introduction

Shenzhen Rainbow Fine Chemical Industry Co., Ltd. was established in 1995, we are the only and the first listed companies in China aerosol industry. Company covers R&D ,production ,marketing and value added services in one ,the core business involves the E P .paint and accessories ,green household products , environmental protection and energy saving car care products ,etc .

As market leader ,we represent the best in technology, quality, production capacity ,we are the most competitive enterprises in this field .Not only Volume of production and sales is consecutively No 1 in domestic trade , but also successfully well-sell to more than 70 countries and regions such as the United States, Europe, Japan etc.

We are the first and only “ national high-tech enterprise ” ,established “Shenzhen municipal enterprise technological center ” ,are the main author of national standard of china aerosol field ,own 30 national Patented invention , are Guangdong Provincial Intellectual Property advantageous enterprises.

As an expert in manufacturing, after 16 years of accumulation and growth, we have rich experiences in production and own complete production equipment, introduced Japan, Germany, Switzerland made world's advanced automatic production lines ,Strict monitoring and management of each process :raw materials purchases , storage, mixture , filling , packaging , so that our products are in line with quality level of customers market .

Our products are named 'national key new product 'by China Economic and Trade Commission, Our own brand -- '7CF ',represents our 16 years 'high quality ',which is the only 'China Famous Brand' for aerosol paint field in China .With the successful international marketing for 10 years , '7CF ' wins very good reputation and high-quality brand image in the worldwide .

Our New Production Center

SPRAY PAINT

THE SKY IS MORE COLOREFUL BECAUSE OF RAINBOW!

oh! my god!
She looks very beautiful!

what do you use?

This is a secret!
Because I used
spray paint of rainbow.

SPRAY PAINT

INTERIOR/ EXTERIOR SPRAY PAINT

FEATURES:

This product has flexible operation, simple construction, good spray atomization, spray rate, quick drying paint, a high degree of film fullness, hardness, adhesion, gloss, flexibility, impact resistance and other characteristics, rich colors and gorgeous, an excellent decorative effect, and has excellent protection, it's widely used in all kinds of metal, the surface-treated wood, glass, ABS plastic and other substrates of the coating.

Item NO.: IS-101
Packing: 400ml/can 12pcs/ctn

GOLD EFFECT SPRAY PAINT

FEATURES:

This product is imitation gold-plated aerosol paint, paint dry quickly, film a high degree of fullness, its metallic mirror highly decorative effect. Can be used for a variety of metal, the surface-treated wood, glass, ABS plastic.

Item NO.: IS-102
Packing: 400ml/can 12pcs/ctn

CHROME EFFECT SPRAY PAINT

FEATURES:

This product imitation chrome aerosol paint, the metal mirror highly decorative effect can be comparable with the plating, and can effectively resist ultraviolet radiation, enhanced by ornaments of the anti-aging properties. it's widely used in a variety of metal, the surface-treated wood, glass, ABS plastic and other substrates of the coating

Item NO.: IS-103
Packing: 400ml/can 12pcs/ctn

SPRAY PAINT

SUPER METALLIC SPRAY PAINT

FEATURES:

This product is fast-drying aerosol paint, color, high gorgeous, highly metallic luster, in the light irradiation of the metal reflective film is best, dazzling bright, excellent decorative effect for cars and motorcycles renovation, repair, change color, can be used for metal, the surface of treated wood, ABS plastic and glass materials.

Item NO.: IS-108
Packing: 400ml/can 12pcs/ctn

HAMMER FINISH SPRAY PAINT

FEATURES:

This product is fast-drying alkyd aerosol paint, paint film with a rugged hammer effect, and has excellent protection. It's widely used in metal, glass, ceramics and other materials, such as anti-theft doors, power tools, medical equipment and some mechanical parts.

Item NO.: IS-105
Packing: 400ml/can 12pcs/ctn

HEAT RESISTANT SPRAY PAINT

FEATURES:

This product is an organic silicon aerosol paint, paint film in self-dry after 30 minutes, after 2 hours 200 ° drying to reach optimum performance can be at 300 ° under a long-term performance of heat and maintain the film intact, for in the chimney, plumbing, car motorcycle engine exhaust pipes, and other high-temperature environments.

Item NO.: IS-106
Packing: 400ml/can 12pcs/ctn

SPRAY PAINT

FLUORESCENT SPRAY PAINT

FEATURES:

This product film has a special fluorescent effect, under irradiation of light source color is very eye-catching, decorative effect and with excellent quality protection. It's widely used in a variety of metal, the surface-treated wood, glass, ABS plastic and other substrates of the coating, for advertising decoration, decoration, instrument manufacturing and other industries use.

Item NO.: IS-104
Packing: 400ml/can 12pcs/ctn

GOLD POWDER CLEAR METALLIC

FEATURES:

This product is fast-drying aerosol paint, color, high gorgeous, highly metallic luster, in the light irradiation of the metal reflective film is best, excellent decorative effect, and has excellent protection, wide range of applications to metal, the surface-treated wood, ABS plastic and glass materials.

Item NO.: IS-107
Packing: 400ml/can 12pcs/ctn

OIL TREATMENT

FEATURE:

This product contains unique active macromolecular compounds and anti corrosion agent to renovate the abraded metallic engine surface, re-seal the cylinder, improve engine power, eliminate troubles like oil burning ,blue smoke etc .It can also save oil obviously ,lubricate , reduce and prevent rubbing , prevent noise ,protect engine from dryness and prolong the lifespan as triple as before at least.

Item NO.:IL-111
Packing:443ml/pc 24pcs/ctn

EFFECTIVE ELIMINATION OF EXHAUST SMOKE

FEATURE:

This product can improve the engine combustion rate and reduce fuel consumption, carbon monoxide, oxynitride and other harmful gas in car exhaust observably . Meeting the international emission standard makes all kinds of motor vehicles passing all types of vehicle inspection favorably .

Item NO.:L-113
Packing: 443ml/pc 24pcs/ctn

5-MINUTE MOTOR FLUSH

FEATURE:

This product can infiltrate quickly in engine operating ,rinse the colloid , carbon residues , greasy sludge attached to the crankcase, pistons, rings, oil tract ,making lubrication system clean and smooth, improving efficiency of engine operating ,increasing horsepower . It can restore the elasticity of sealing rubber , and reduce oil consumption to prolong the lifespan of engine and oil .

Item NO.:IL-112
Packing: 400ml/pc 12pcs/ctn

INJECTOR CLEANER

FEATURE:

This product is designed for fuel injection diesel ,it can automatically rinse the oil supply system especially the injection \$ colloid, carbon residues and scale formation to ensure optimally spray effect ,improve engine power ,reduce oil wear and maintenance cost ,eliminate engine vibration, unstable idle speed, the difficulty of cold boot and other bad phenomenon , solve the problem of black smoke and excessive discharge caused by inadequate combustion It will prolong the service life of injection nozzle times .

Item NO.:IL-110
Packing:443ml/pc 4pc/ctn

FUEL SYSTEM CLEANING AGENT

FEATURE:

This product can automatically rinse oil circuit ,carburetor, injector, intake valve and cylinder ,remove the colloid ,carbon residues and greasy sludge ,solve the difficulty of cold boot ,eliminate poor oil supply, bad fuel atomization, unstable idle speed, increasing fuel consumption, excessive discharge and other malfunctions .

Item NO.:IL-109
Packing: 443ml/pc 24pcs/ctn

POWERFUL ENGINE REPAIR AGENT

FEATURE:

This product contains unique active macromolecular compounds and anti corrosion agent to renovate the abraded metallic engine surface, re-seal the cylinder, improve engine power, eliminate troubles like oil burning ,blue smoke etc .It can also save oil obviously ,lubricate ,reduce and prevent rubbing ,prevent noise , protect engine from dryness and prolong the lifespan as triple as before at least.

Item NO.:IL-114
Packing:443ml/pc 24pcs/ctn

ANTI-RUST LUBRICANT

FEATURE:

This product has excellent penetrability, de-rusting and lubricating effect, and prevent oxidation and rusting. It's used widely for precision instruments, machines, iron and steel parts and high touched equipments, etc.

Item NO.: IL-101
Packing: 450ml/pc 24pcs/ctn

SILICONE SPRAY

FEATURE:

This product with high purity is transparent. It does well in lubrication, release and varnishing. Applicable to woodworking machinery, electro-motor, cutter, threshold, plastic separate etc.

Item NO.: IL-102 (420ml/pc 30pcs/ctn)
IL-103 (320ML/PC 30PCS/CTN)

GREASE SPRAY

FEATURE:

The butter with high purity can infiltrate very tiny parts to lubricate and anti-rust for a long time. Applicable to the chains or gear of the car, bike and motor bicycle, also useful for shutter of the door etc.

Item NO. IL-104 420ml pc 0pc\$ 6tn)
IL-105 220ml pc 4pc\$ 6tn)

OIL SPRAY

Feature:

This product can lubricate the metal running parts quickly to increase the speed and prevent friction. Applicable to the sewing machine, car, axle, chains, agriculture machines etc.

Item NO.: IL-106 (420ml pc 0pc\$ 6tn)
IL-107 220ml pc 4pc\$ 6tn)

SPINDLE OIL SPRAY

FEATURE:

This product can penetrate the metal parts and gear of car, bike and motorbike quickly to lubricate and anti-rust them. Applicable to the lubrication and the anti-rust of car, bike, gear and chain.

Item NO.: IL-108
Packing: 420ml/pc 30pcs/ctn

Item NO.: IC-101

ALL PURPOSE FOAMY CLEANER

FEATURES:

This product with strong infiltration and cleaning capacity, can clean any dirt of the surface of the car completely as the new. Applicable to interior and exterior surface of car, ship, motor boat etc. Effective in cleaning dirt of instrument board, tyre, bumper, inner wall, ceiling etc.

Item NO.: IC-101
Packing: 650ml/pc 12pcs/ctn

ENGINE DEGREASER (FOAM)

FEATURE:

The product is a potent cleaner dedicated to cleaning complex shape and the surface of the engine, which general method is hard to clean, rapid removal of steam, diesel engine's oil, dust and dirt, no damage to rubber, plastic parts and painted surface.

Item NO.: IC-103
Packing: 650ml/pc 12pcs/ctn

FOAMING TIRE REJUVENATOR

FEATURE:

Permeate, clean, renew, and protect in one easy step, with rich foam. This product is specially formulated to clean away any dirt, grime and grease from tyres. It can effectively protect tyres from ultraviolet radiation, aging and crack. Recommended for tyres, bumpers and other rubbers.

Item NO.: IC-102
Packing: 650ml/pc 12pcs/ctn

BRAKE & PARTS CLEANER

FEATURE:

This product is specialized in cleaning carburetor's anti-wind door and adjustment valve, removing the pectin, char, grease etc, without any damage to the catalytic cracking convent, oxygen sensor. It could solve the motor's running unstable, start difficult and reduce the off-gas pollution.

Item NO.: IC-105
Packing: 420ml/580ml/840ml/pc 30pcs/ctn

Item NO.: IC-104

CARBURETOR STRONG CLEANER

FEATURE:

This product is specialized in cleaning carburetor's anti-wind door and adjustment valve, removing the pectin, char, grease etc, without any damage to the catalytic cracking convent, oxygen sensor. It could solve the motor's running unstable, start difficult and reduce the off-gas pollution.

Item NO.: IC-104
Packing: 420ml/580ml/840ml/pc 30pcs/ctn

CHAIN CLEANER

FEATURE:

This product made of petroleum solvent and liquid gas prescription, could melt the grease and dust easily and finish the hard cleaning chain job completely, with the function of protection and lubrication.

Item NO.: IC-107
Packing: 420ml/pc 30pcs/ctn

PITCH CLEANER

FEATURE:

The product has strong infiltration and cleaning ability, can effectively and promptly clean away asphalt, grease and smudges on metals, wheels and auto's coatings without any damage to paints and glass, and refresh your car as the new.

Item NO.: IC-108
Packing: 450ml/pc 12pcs/ctn

COOLING SYSTEM CLEANER

FEATURE:

This product without acid and alkali, can completely remove the rust and scum in the cooling system with no harm to the parts.

Item NO.: IC-109
Packing: 325ml/pc 24pcs/ctn

STICKER REMOVER

FEATURE:
stickers can easily be torn off the window or the body of the vehicle by slightly spraying, can also remove the paste material left but not scratch windows and car body.

Item NO.:IC-110
Packing:450ml/pc 24pcs/ctn

WINDSHIELD CLEANER

FEATURE:
This product is made of organic solvent and surfactant, could melt the dust, dirt and shell-lac of glass directly, and with the function of antifreeze and antifrosting. No watermark after washing. Keep glass clean and bright.

Item NO.:IC-106
Packing: 180ml/pc; 220ml/pc; 330ml/pc 30pc/ctn

STICKER REMOVER

FEATURES:
This product does not contain traditional BNAPS components, it has the superior features of antifreeze, anti-boiled and corrosion resistance. It can be used in winter and summer. Applicable to various vehicles and special trucks, generator sets.

Item NO.:IM-116
Packing:2KG/can 6pcs/ctn
Item NO.:IM-117
Packing:4KG/can 6pcs/ctn
Item NO.:IM-118
Packing:6KG/can 4pcs/ctn

ICE REMOVER

FEATURES:
This product is a spray with super concentration at -50 °, can rapidly melt ice and equipped with patented plastic lid to solve the damage of ice to the car .

Item NO.:IM-122
Packing:450ml/can 12pcs/ctn

ANTI MIST SPRAY

FEATURES:

This product can effectively remove the mist from glass under bad weather or different temperature environment, keep the clearance of glass, ensure the safety and widely used in windshield, side mirror, bathroom, glasses and other glass products.

Item NO.:IM-123
Packing:218ml/can 24pcs/ctn

ALL WEATHER WINDSHIELD CLEANER

FEATURES:

This product is a multifunction windshield cleaner, containing special components to quickly remove the dust, dirt, grease, resin, shellac of windshield, under bad weather ,has the the effect of melting frost and antifreeze in different degrees or different regions.

Item NO.:IM-120 (-25?)
Packing:1.8L/can 12pcs/ctn
Item NO.:IM-121 (-40?)
Packing:1.8L/can 12pcs/ctn

COOLING SYSTEM PROTECTOR

FEATURES:

This product does not contain traditional BNAPS composition, has excellent anti-boil, antirust, anticorrosion and antifreeze functions, can effectively prevent "summer boil" and "Winter Frost Crack" and other common phenomenas .

Item NO.:IM-104
Packing:2KG/can 6pcs/ctn
Item NO.:IM-105
Packing:4KG/can 6pcs/ctn

LOW TEMPERATURES STARTING FLUID

FEATURES:

This product will make the engine fastl and smoothly start in any bad weather .it is suitable for cold areas (-40 ?) or wet weather when it is difficult to start the engine.

Item NO.:IM-119
Packing:400ml/can 12pcs/ctn

SUPER ANTI-FREEZE FLUID (-30 ; -40)

FEATURES:

This product does not contain traditional BNAPS components,it has the superior features of antifreeze, anti-boiled and corrosion resistance, It can be used in winter and summer. Applicable to various vehicles and special trucks, generator sets.

Item NO.:IM-114
Packing:2KG/can 6pcs/ctn

Item NO.:IM-115
Packing:4KG/can 6pcs/ctn

R-134A REFRIGERANT

FEATURES:

This product does not contain harmful impurities, excellent cooling effect and do not cause any harm to the atmosphere, it is the latest generation of environmentally friendly refrigerants.

Item NO.:IM-114
Packing:2KG/can 6pcs/ctn

ANTIBIOTIC LEATHER WAX

FEATURES:

This product is environmentally friendly water-based emulsion system for the daily cleaning and antibiotic protection of leather, rubber, plastic products, etc. and form a layer of antibiotic protection film on the surfaces which can effectively prevent bacteria from breeding and spreading on the surfaces and has the features to prevent being chapped, aging, durably keep leather and other surfaces soft and shiny.

Item NO.:IM-102
Packing:500ml/can 12pcs/ctn

COOLING SYSTEM LEAK STOPPER

FEATURES:

This product is a quick solution to the leaking of cooling system, heater radiator, cylinder, pump, seal, cylinder liner and other parts, without damage to the parts of cooling system, anticorrosive and extend its life. It is an antifreeze fluid which is suitable for all vehicles.

Item NO.:IM-103
Packing:325ml/can 24pcs/ctn

ANTIBACTERIAL AIR-CONDITION DEODORIZER

FEATURES:

This product can enter air condition, directly kill bacteria, eliminate bad odors, prevent the breeding of germs.

Item NO.:IM-101
Packing:300ml/can 24pcs/ctn

MAINTENANCE

SUPER CHASSIS ELASTOMER (OIL BASED)

FEATURES:

This product adopts special high-polymer materials, for the rapid dry and high elastic coating with superior anti-rust, waterproof, noise plugging, mending, anti-collision functions. Suitable for a variety of vehicles, cars, industrial usages.

Item NO.:IM-106
Packing:650ml/can 12pcs/ctn
Item NO.:IM-107
Packing:1KG/can 12pcs/ctn
Item NO.:IM-108
Packing:2KG/can 6pcs/ctn

SUPER CHASSIS ELASTOMER (WATER BASED)

Features:

This product use water-based environmental protection technology, widely used in the antirust of high-class family cars and business vehicles, crash protection, extend the service life of vehicles, provide heat insulation performance and also can be used for construction, home waterproof, roof and bathroom leak stoppage etc.

Item NO.:IM-109
Packing:1KG/can 12pcs/ctn
Item NO.:IM-110
Packing:2KG/can 6pcs/ctn

Item NO.:IH-101

FURNITURE POLISH

FEATURE:

The product is specially used to clean and protect all kinds of furniture, with the function of detergency, dedusting, gloss finishing, to effectively prevent the surface from aging, fading and prolong furniture's lifespan. Applicable to woodbase, plastic, metal, rubber plates, marble, domestic appliance, musical instrument, dashboard etc.

Item NO.:IH-101
Packing:450ml/pc 12pcs/ctn

ANTIBIOTIC POLISH WAX

FEATURE:

This product is specialized in cleaning and protecting wooden furniture, leather, paint etc. Full with silicon oil, emulsion wax, surfactant, antistatic agent etc. Effectively to control germ breeding on the furniture, leather, electric appliance and prevent the germ infection.

Item NO.:IH-106
Packing:450ml/pc 12pcs/ctn

Item NO.:IH-106

CRYSTAL WOODEN FLOOR WAX

FEATURE:

This Wooden Board Spray Wax with a special skid-proof and antistatic function., can recover the slight scratch and make the protector on the floor to make sure the surface of floor is shining as the crystal, prevent aging and prolong the lifespan.

Item NO.:IH-103
Packing:450ml/pc 12pcs/ctn

DECORATION INJURANT & POISONOUS SMELL REMOVER

FEATURE:

By using physical detoxicated theory, without secondary pollution. This product can remove the left toxin and peculiar smell such as TOL, BTX, NH₃, HCHO etc, and clean the decoration pollution effectively. This product can be used once in 2-3 days in new house.

Item NO.:IH-112
Packing:400ml/pc 12pcs/ctn

FURNITURE POLISH WAX

FEATURE:

With the excellent polishing effect, this product can remove the aging, matte and fade paint from the surface of the furniture. It does well in polishing.

Item NO.:IH-105
Packing:300g/pc 12pcs/ctn

FURNITURE COLOR BACK WAX

FEATURE:

With the special rubbing grain, this product can clean the dust and dirt from the furniture quickly, effectively and safely, and remove the scorch, striation, stickiness etc.

Item NO.:IH-104
Packing:300G/PC 24PCS/CTN

Item NO.:IH-104

CRYSTAL FLOOR-CARE WAX

FEATURE:

This product contains particular water-based bright prescription. Not only recover the scathing floor but also cover the pellicle on the floor to protect it from abrasion, besides skid-proof, anti-water, anti-frost and extending the life span.

Item NO.:IH-107
Packing:1000ml/pc 12pcs/ctn

Item NO.:IH-107

FLOOR WAX

FEATURE:

This product is a usual floor wax, with strong adhesion, high gloss, waterproof, anti abrasion etc. Applicable to the flooring stone, such as marble and terrazzo, and solid floor such as plastic, fiberglass, paint etc.

Item NO.:IH-108
Packing:420g/pc 12pcs/ctn

Item NO.:IH-108

AIR FRESHENER

FEATURE:

Glade scents are blended with natural fragrance oils to create uniquely inviting fragrances for your home. Air freshener destroys rather than mask undesirable odors, leaving a fresh-clean scent. Purifies the polluted air naturally. Good for family, office, hotels, restaurants, washing room, recreation area, automobiles, ships etc.

Item NO.:IH-102
Packing:303ml/pc 24pcs/ctn

Love Rainbow, Enjoy Life

WAXES

Item No.: IW-113

LEATHER AND TYRE WAX

FEATURES:

This product can effectively protect artificial leather, plastic and rubber from ultraviolet light, heat, ozone effects, to prevent the instrument panel, leather, tires and bumper fading, aging, cracking, wrinkling, increase gloss, and restore the natural color, with anti-static function, and reduce dust accumulation.

Item No.: IW-113
Package: 450ml /can 12/carton

SUPER CLEANING WATER WAX

FEATURES:

This product contains special polymer emulsion that can penetrate into the subtle scratch on paint, which can not only effectively remove the stains, but also fill the gap of the loss of light paint, restore the paint film luster; with a special seal paint components, anti UV- rays, anti-acid rain, to prevent the paint aging, discoloration, and Matt. Widely used on the surface of automobile, motorcycle paint.

Item No.: IW-109
Package: 530ml /can 24/carton

Item No.: IW-109

WAXES

Item No.: IW-110

SUPER GLAZING WATER WAX

FEATURES:

This product is effective in removing dirt, filling scratch, and forming a layer of bright crystal wax durable waterproof protection restore the shiny bright colors, also can effectively prevent UV rays, acid rain, sand and other harmful substances, to prevent the paint aging, discoloration and loss of light. This product is easy to use, polish, protect, clean, repair at once.

Item No.: IW-110
Package: 530ml/can 24/carton

90DAYS PLATINUM DIAMOND POLYMER WAX

FEATURES:

This product adopts the latest technology, contains self-hardening transparent glass fiber polymer components, which form a hard bright close protective film on automobile body, have multiple protection up to 90 days, super function of waterproof, anti-stain, endure badly corroding of frost and strong sunlight ultraviolet radiation, also fill the subtle lines.

Item No.: IW-107/108
Package: 320G/can 12/carton

Item No.: IW-107/108

Item No.: IW-104/105

SUPER CRYSTAL WAX

FEATURES:

This product adopts high quality Photopolymer resin can form hard, bright surface layer of protective film, features waterproof, anti-acid rain, pollution prevention, anti-UV erosion and other functions, keep gloss of paint bright for long time

Item No.: IW-104/105
Package: 380G/can 12/carton

WAXES

DIAMOND HARD DURABLE WAX

FEATURES:

This product has super long-lasting glazing protective effect, more than three of times the ordinary car wax, can effectively prevent UV, acid rain, atmospheric dust erosion and damage to the car body, prevent dust accumulation, keep car body lasting shine.

Item No.: IW-106
Package: 270g /can 24/carton

Item No.: IW-106

Item No.: IW-106

CRYSTAL WAX

FEATURES:

This product removes the dirt and smudge on paint film through permeating the small scratch on the paint fast, fill cracks and restore paint luster. It can effectively refresh the paint film, protect coating against UV-rays, acid rain and so on. Widely used for the car paint on automobile, motor.

Item No.: IW-111
Package: 450ml /can 24/carton

SUPER CRYSTAL LIQUID WAX

FEATURES:

This product can penetrate very fine scratch and stubborn stains on the paint surface, and effectively remove dirt, fill scratch, and form a layer of bright crystal durable waterproof protective film, restore luster bright body colors, At the same time can effectively prevent UV, acid rain, sand and other harmful materials to prevent finish aging, discoloration and loss of light.

Item No.: IW-112
Package: 450ml /can 12/carton

Item No.: IW-112

Item No.: IW-106

WAXES

POLISH WAX

FEATURES:

This product can completely remove the dirt on car body, keep long lasting polishing, protection, waterproof, anti-oxidation and other protective effects simultaneously.

Item No.: IW-102
Package: 300g /can 24/carton

SUPER SOFT WAX

FEATURES:

This product has multiple functions of cleaning, polishing, protecting, with perfect gloss wax film, lasting long time, easy clean finish. This product adopts high-quality imported raw materials, also has a waterproof, anti-static, anti-aging effect, extend the paint life extension functions, is a car care product for high-class cars.

Item No.: IW-103
Package: 270G/can 24/carton

Item No.: IW-103

Item No.: IW-101

COLOR BACK WAX

FEATURES:

This product removes the dirt and smudge on paint film effectively, minus the small scratch, oxidation and dull appearance of oxidized paint, restores the luster and brightness of the original paint. Widely used for automobile, motor, plastic and electroplate.

Item No.: IW-101
Package: 300G /can 24/carton

WAXES

TITANIUM LUXURY ION WAX

FEATURES:

This product has the latest ultra-ion closed glass fiber coating composition. It adopts the 'effects ion film' theory and the absorptive characteristics of positive and negative ions. The dense and solid ion film will be formed on the surface of car paint. The ultra-ion film can not only make up deficiencies on car paint and remove the scratches, but also can effectively isolate the car paint with the air so that the oxidization will be prevented. The combination of positive and negative ions can make the surface of car's coating smooth and static electricity won't be produced, so that its absorbability to the dust will be weakened. The scale deposit, dust, greases, water drop, acid rain and birds' droppings can be easily flipped, the erosion of the car paint will be reduced and your car will be completely protected.

Item No.: IW-1013
Package: 200G /can 6/carton

NANO POLYMER COATING WAX

FEATURES:

This product is made by a variety of high purity nano-polymer with the latest and special nanotechnology. Distinguished by its less usage on larger area, this wax with same quantity can be used on more than 5 times larger area than the general wax. It is easy to clean and polish and doesn't bring harmful powder to human body. The transparent nano-materials film will be formed after usage of the wax. The film can effectively resist stains, acid rain, ultraviolet which is erosive to car paint, so that your car will always look like new and its service life will be prolonged.

Item No.: IW-114
Package: 50G /can 6/carton

PAINTING DECORATION

SUPER ZINC

FEATURES:

Super Zinc is a highly active anti-corrosion spray paint which contains highly purified zinc powder. The product is widely used for:1)Long-term protection of steel components and establishments such as iron bars, outdoor iron pipes, iron towers, steel frames, containers ,outdoor signs,etc;2)Suitable for the repairing and protection of welding joints, rivet joints and zinc galvanizing layers.

Item No.: IP-101
Package: 500ml/can 12/carton
Item No.: IP-102
Package: 5KG/can 2/carton

ZINCIFICATION SPRAY

FEATURES:

Combine rust protection with decoration for metal surfaces. Good and bright performance similar with zincification coating. Zinc-rich coatings prevent from rust, more effective than aluminum paints. Easy&quick application from our aerosol can, provide you convenient life for rust protection.

Item No.: IP-103
Package: 400ml/can 24/carton

SUPER PAINT REMOVER

FEATURES:

The paint remover can be used to remove self-drying alkyd coatings, amino coatings, nitro coatings, acrylic coatings and some epoxy coatings, low temp cured coatings. It is mainly used for the parts of autos, motors, machines, equipments, etc where the coatings need to be removed.

Item No.: IP-106
Package: 650ml/can 12/carton
Item No.: IP-107
Package: 1L/can 6/carton

SUPER RETARDER

FEATURES:

This product can efficiently prevent the film from mist and blush when the film is dried in humid environment or in rainy days, so as to enhance the gloss of the film.

Item No.: IP-119
Package: 1L/can 6/carton

FLUORESCENT PAINT

FEATURES:

The paints can be applied by aerosol spray and dry fast to provide films with exceptional fluorescent effect and brilliant color when illuminated by sunlight. The film finish has excellent hardness, adhesion and flexibility. They can be widely used for advertisement, interior decoration, upholstery and instruments, suitable for metals, wood with finished surfaces, glass, ABS and other surfaces.

item No.: IP-110
Package: 1L/can 12/can

SILICONE SEALANT-ACETIC

FEATURES:

This product is a single-component, acetic-cure silicone sealant that cures in the presence of atmospheric moisture to produce a durable, high-modulus, flexible silicone seal. It can be widely used to adhere building materials such as clean metal, glass, wood, and silicone resins, ceramic and painted surfaces.

Item No.: IP-111
Package: 300G/can 24/carton

SILICONE SEALANT-NEUTRAL

FEATURES:

This product is a single-component, neutral-cure silicone sealant with good thixotropy, extrusion rate, adhesion to most building materials. No corrosion to many kinds of construction such as metals, cladding glass, glazing glass, concrete, marbles, granite, etc.

Item No.: IP-112
Package: 300G/can 24/carton

SILICON SEALANT FOR BIG GLASS

FEATURES:

This product is a wide range of uses, a durable strong acid gel, imported pure glial (glue of 7132) painstakingly created for the glass seal and general building materials, with excellent bonding properties to glass and construction materials.

Item No.: IP-113
Package: 300G/can 24/carton

ANTIBIOTIC WALL PAINT

FEATURE:

This product is special for bonding and preparation of different materials, with adaptability, strong adhesion, fast drying time, excellent construction performance, viscosity and long hold time. After drying, with feature of moisture resistant, heat resistant, it is a new generation of high-performance multi-purpose glue. Suitable for natural wood, plastic, fiber, asbestos, rubber, metal, leather, textiles and other materials strong bonding.

- Item No.: IP-115 (3L/can, 6cans/ctn)
- IP-116 (2.2L/can, 6cans/ctn)
- IP-117 (15L/can)
- IP-118 (1L/can, 24cans/ctn)

PURIFICATORY COATINGS

FEATURE:

This product uses the CSM polymer odor components, not only with all the perfect features of latex paint, but also with environmental protection and low odor characteristics, a significant reduction in VOC (volatile organic compound) content.

- Item No.: IP-123
- Packing: 7KG/can, 2cans/ctn

INSECTICIDAL WALL PAINT

FEATURE:

It is added a special active insecticidal factor, effective to kill or drive away flies, mosquitoes, ants, cockroaches, fleas, mites and other pests fat. Insecticidal principle of this product is to use its trapping effect and its special structure in the insect body surface adhesion, perforation of lipids in insects, moisture, insects cause dehydration, degreasing, and finally die shrinkage. Its insecticidal mechanism is physical contact killing, it is harmless to human health.

- Item No.: IP-122
- Packing: 7KG/can, 2cans/ctn

FORMALDEHYDE ELIMINATOR WALL PAINT

FEATURE:

It is Added CTM ion de-formaldehyde formula, can long-lasting effectively reduce drifting in the air of formaldehyde, benzene, ammonia, nitrogen oxides and decomposition of indoor smoke, odor, etc., belong to the physical inter-formaldehyde technique, does not produce the second time pollution.

- Item No.: IP-120
- Packing: 7KG/can, 2cans/ctn

ANTIBIOTIC WALL PAINT

FEATURE:

This product is added with antibacterial factor, after film drying, antibacterial ingredients will slowly release the antibacterial ions destroy bacteria's cell membrane or cell protoplasm activity of the enzyme activity, particularly Escherichia coli and Staphylococcus aureus.

- Item No.: IP-121
- Packing: 7KG/can, 2cans/ctn

ACID-RAIN RESISTANT EXTERIOR WALL PAINT

FEATURE :
Acid-rain resistant exterior wall paint is an eco-friendly paint with outstanding performances of protection of buildings in acid rain and salty fog, specially formulated for polluted area and coastal area. Widely used for decorations and protection of cement based surfaces, concrete based surfaces and brick works.

Item NO.:IP-129
Packing:20KG/can

ALL WEATHER EXTERIOR WALL PAINT

FEATURE:
It is composed with acrylic resin, pigment, solvent and additives . The paint can provide excellent performances of weather durability, water-resistant property, anti-alkali. It is applicable in various weather conditions. Widely used for decorations and protection of cement based surfaces, concrete based surfaces and brick works.

Item No.: IP-130
Packing: 20KG/can

ANTI-ALKALI PRIMER

FEATURE:
Its excellent penetrability and adherence protect the outside wall finishes from corrosion by alkali. It also helps to preserve the shades of outside finishes and prevent fungus or algae from breeding on walls as well.

Item No.: IP-125
Packing: 20KG/can

TIMBER PAINT

FEATURE:
Homelac PU timber paint is a superior polyurethane based timber paint. The paint has no benzene and low toxicoid, complies with the requirements of safety standard of indoor decorating and refurbishing materials GB 18581-2001. The paint can provide high quality coatings with excellent build and abrasion resistance, which is ideal for decorating and protecting interior wood furniture and floor.

Item No.: IP-126 Packing: 5KG/carton
Item No.: IP-127 Packing: 6.25KG/carton
Item No.: IP-128 Packing: 7.5KG/carton

ECO-EMULSION WALL PAINT

FEATURE:
This product is a high-quality water-based interior wall decoration paint. It is based on high-quality acrylic polymer as the main raw material. The product is safety and environmental protection, washable anti-rub, easy to protect the wall.

Item No.: IP-124
Packing: 5L/can, 2cans/ctn
